### About This Game

**Enter the world of Narborion Saga: an epic, high fantasy, role-playing game. A mixture of game-book, tactical combat, rogue-like dungeoneering, minigames, and much more- Narborion Saga will satisfy the fans of narrative, story-driven RPGs.**

Begin your career as a humble page and complete the first three missions to achieve knighthood.

First, you must find and rebuild the chapel of a long-forgotten Goddess, but also confront the Master Vampire, Lord Malbor, an agent of the God of Death and Magic. Your path is not an easy one. Dark forests and dangerous swamps lie in your path, full of undead and other nameless horrors. You will encounter allies and enemies alike, so choose your steps wisely!

Your second quest is to find the God of Orcs and uncover a secret conspiracy. Something is happening up North, on the snow-covered plains of Yria. The goblinoid races are assembling to form a massive army– lead by their God. Are you up to the task of discovering what's really happening? You must stop these evil forces in order to save your country, and beyond this, break one more of chains to help free the Goddess.

The third mission is your most dangerous so far. After receiving a set of strange rune-sticks, you must journey to the Coastless Lake. Here, you must explore swamp villages, abandoned islands, and hidden forests to find the enchanted weapon, Wyrmslayer. Only this will enable you to defeat the terrible dragon Xaraxorn, Death on Wings.

In addition to the rich story, Narborion Saga is filled with **random encounters, dungeons, and loot** – beyond your hero's journey through the narrative, there is plenty more to discover!

---

When you feel strong enough, you can try your skill in the Arena, battling monsters from across the realm. And then face the most difficult challenge – pit your character against fellow players in a PvP duel!

Whether you favor ax, bow, or rapier, whether you most enjoy a rich storyline, leveling-up your character, or becoming the most renowned warrior on the server, Narborion Saga offers something to please every RPG fan. Download it today and begin *your* saga!

You find a hut beside the main square that is covered by a shadow big enough to shelter you while you're climbing. You crawl up to the roof and lie down on your stomach.

The ritual you witnessed this afternoon is about to be repeated around the fire. The shaman draws a white line on the orcs

I love the game so far. Nice story, there is a feeling of exploration, good RPG system, nice writing, turn based combat. Of course, the game is all about indie, kinda reminds me Knights of the Chalice, but I love such games.. Alt+F4 resulting bugs, trash development from "Im not a player but I can assemble pictures for you", lacking features, sucking HUD. Also theres a way to have pretty broken character since the beggining (18-18-18-16 stats and +18 skill points). What a \u2665\u2665\u2665\u2665ing pain this game was to play it.. The game is buggy, though admittedly the devs are pretty good about fixing them as they show up. The writing is beautiful; music is repetitive. At the end of the day, I found the game too frustrating, I wish I could get my money back. I'm sure there are plenty of people that will like this game; it's not an objectively bad game. I just see it only appealing to a very niche crowd.. Will update the review as I play, liking it as a true RPG-experience so far.. The game of TINGS

that's all you're going to hear , ting ting ting, as you miss over and over, rarely do i feel this ripped off

extremely slow, irritating and boring. I mean, this is a great game and fun to play. But the random high level mobs who oneshot you are a bit too much. I think it needs a bit more userfriendly explanations to some things and features in the game. There are some glitches with the text, where it doesn't show you the correct form\lenght of starting a new episode. It just cuts the text in half.
